Plenary P2	
Anticipating the future: scenarios for resilient institutions and organizations in agricultural research and innovation	1
<i>Krijn Poppe, Geerling-Eiff, Floor and Trond Selnes, The Netherlands</i>	
Commodity Market Dynamics and Price Volatility: Insights from Dynamic Storage Models	6
<i>Ernst Berg, Germany</i>	
A 1: Food Security and sales promotions	
Local Economic Development and Sustainable Global Development: Food Security and Food Sovereignty	17
<i>Bernardo Reynolds Pacheco de Carvalho, Portugal</i>	
B 1: Innovation	
When Innovation Meets Tradition: The Case of “Riso & Rane” Rural District in Lombardy Region	31
<i>Giovanni Ferrazzi, Vera Ventura, Sabrina Ratti and Claudia Balzaretti, Italy</i>	
C 1: Structural Change	
10 years later: a comparison between the results of early simulation scenarios and the sustainability of a small-scale agro-industry development program	39
<i>Fernandes, A.R, and Da Silva, C.A.B, Brazil</i>	
Spatial integration of Ugandan milk markets	57
<i>Ronald Kabbiri, Manoj K. Dora, Mohammad J. Alam, Gabriel Elepu, and Xavier Gellynck, Belgium and Uganda</i>	
A 2: Networking I	
The network staircase – marketing and sales collaboration for small food producers	64
<i>Margrete Haugum and Jorunn Grande, Norway</i>	
A 3: Networking II	
The Corporatization of the Tshwane Fresh Produce Market in South Africa toward creating an enabling institutional environment	76
<i>André Louw, Melissa van der Merwe and Johan Louw, South Africa</i>	
Importance of coordinated interactions of multiple stakeholders for developing products with health claims	83
<i>András Sebők, Adrienn Hegyi, Zsófia Kertész, Alessandra Bordoni, Hungary and Italy</i>	
B 2: Finance and Prices I	
Price Setting in Online Grocery Markets: The Case of Chocolate in Germany	89
<i>Theresa Grein and Roland Herrmann, Germany</i>	
Reference price formation of product innovations – the role of consistent price-value-relationships	101
<i>Anne Odile Peschel, Stephan Zielke and Joachim Scholderer, Denmark, Germany and Switzerland</i>	
Financial markets and agricultural commodities: volatility impulse response analysis	104
<i>Lucia Baldi, Massimo Peri, Daniela Vandone, Italy</i>	

	Pages
Distinguishing between 'Normal' and 'Extreme' Price Volatility in Food Security Assessment <i>R. Huffaker, M. Canavari, R. Muñoz-Carpena, USA and Italy</i>	110
Are the price behaviors causing changes in market conditions? <i>F. Rosa, R. Weaver, M. Vasciaveo, Italy and USA</i>	112
Price margins in the Finnish food chain <i>Ari Peltoniemi and Jyrki Niemi, Finland</i>	116
C 3: Environmental issues	
Climate smart meal planning <i>Britta Florén, Pegah Amani, Jennifer Davis, Sweden</i>	122
Climate-friendly food – to buy or not to buy? <i>Katrin Zander and Yvonne Feucht, Germany</i>	129
Plenary P3: Policy Development	
Hacking the CAP – scenarios to redesign the European agricultural policy <i>Krijn J. Poppe, The Netherlands</i>	138
A 4: Supply Chains	
Adapting Supply Chain Management for Local Foods Logistics <i>Per Engelseth and Heidi Hogset, Norway</i>	143
Pursuing added value in the Irish agri-food sector: An application of the Global Value Chain methodology <i>Declan Heery, Cathal O'Donoghue, Mícheál Ó Fathartaigh, Ireland</i>	161
The role of agri-food processor in the food supply chain <i>Agnieszka Bezat-Jarzębowska, Włodzisław Rembisz, Poland</i>	180
B 5: Consumers II	
Consumers' acceptance and attitude towards bioactive enriched foods <i>Adrienn Hegyi, Zsófia Kertész, Tünde Kuti, András Sebők, Hungary</i>	190
The Theory of Planned Behaviour and food choices: the case of sustainable pre-packed salad in Italy <i>Stranieri S., Ricci E., Banterle A., Italy</i>	209
C 4: Workshop on Anti-Microbial-Resistance (AMR):	
Workshop: reducing risks of antimicrobial resistance in meat supply chains <i>H.W. Saatkamp, J.L. Roskam and E. Gocsik, The Netherlands</i>	213
A 6: Global Value Chains I	
Key success factors in the Brazilian coffee agrichain: present and future challenges <i>Luciana Florêncio de Almeida and Decio Zylbersztajn, Brazil</i>	217
A 7: Global Value Chains II and Food Demand	
Developing New Value Chains for Small-scale and Emerging Cattle Farmers in South Africa <i>Victor Mmbengwa, Nkhanedzeni Nengovhela, Simphiwe Ngqangweni, David Spies, Derek Baker, Heather Burrow and Garry Griffith, South Africa and Australia</i>	223
Improving value chains for dairy farmers in Matiguás, Nicaragua – a system dynamics approach <i>Helene Lie and Karl M. Rich, Norway</i>	229
B 6: Consumers III	
Food Scares: Reflections and Reactions <i>Nina Veflen Olsen, Oddveig Storstad, Bendik Samuelsen, Solveig Langsrud, Therese Hagtvedt, Fredrik Gregersen, Øydis Ueland, Norway</i>	245
